

# ***CaddFX Professional Services*** **...Supporting Industrial Engineering needs**

## **Industrial Design & Engineering Support**

CaddFX Design Services is a full-service Industrial Design and Engineering firm. CaddFX has developed a unique data-driven process improvement methodology for optimizing the performance of any systems.

We support full engineering development of all processes. We have a team of Industrial Engineers who collaborate together to provide design and engineering solutions for our clients.

CaddFX's methodology combines the applications of lean systems, TOC,

simulation modeling, and other techniques to provide the largest return on investment for our customers in a short time. CaddFX has applied its data-driven process improvement methodology in many industrial verticals including:

- ✓ Hospitality Industry
- ✓ Warehousing Industry
- ✓ Distribution Industry
- ✓ Healthcare Industry
- ✓ Insurance Industry
- ✓ Manufacturing Industry
- ✓ Food and Beverage Industry
- ✓ Process Industry
- ✓ Electronics Industry

## **Industrial Engineering Services**

- Finite Capacity Scheduling
- Industrial Engineering
- Manufacturing Engineering
- Supply Chain Optimization
- Portfolio and Project Management

- Simulation and Optimization
- Lean Systems Implementation
- Software Design and Development
- Layout and Material Flow Analysis

## **Software**

### **Industrial Engineering**

- EASEworks
- Layout Optimization
- Proplanner
- Workstation Optimizer
- Ergonomics

### **Simulation**

- AutoMOD
- Enterprise Dynamics
- ExtendSim
- KanbanSIM
- PDSim
- Simul8
- Supply Chain Guru
- Witness

### **Scheduling**

- Asprova
- DdWS

### **Portfolio Management**

- PDSim

## **Industrial Solutions**

- ✓ Work Measurement
- ✓ Labor Standards
- ✓ Labor Analysis
- ✓ Labor Scheduling
- ✓ Work Station Optimization
- ✓ Ergonomics
- ✓ I.E. Staffing / Six-Sigma
